Why is Art Important?

Art, craft and design stimulates creativity and imagination. It provides visual, tactile and sensory experiences and a unique way of understanding and responding to the world. Pupils use colour, form, texture, pattern and different materials and processes to communicate what they see, feel and think. Through art and design activities, they learn to make informed value judgements and aesthetic and practical decisions, becoming actively involved in shaping environments. They explore ideas and meanings in the work of artists, craftspeople and designers. They learn about the diverse roles and functions of art, craft and design in contemporary life, and in different times and cultures. Understanding, appreciation and enjoyment of the visual arts have the power to enrich our personal and public lives.

Dawpool's Vision for Art

On completion of the art curriculum at Dawpool, pupils will have developed:

- *The ability to use art vocabulary (for example line, shape, pattern, colour, texture, form) to talk about their own work and that of others.*
- *Experience of using a range of art materials and tools, e.g. textiles, acrylic, clay, pastel, collage, pencil.*
- *Experience of using a computer to create and manipulate artwork.*
- *The ability to draw and paint from observation and imagination.*
- *A knowledge and understanding of other artists and designers.*
- *The ability to select and use materials, tools and techniques to create a range of 2D and 3D artwork.*
- *The ability to reflect on and evaluate their own work and that of others.*
- *Enjoyment of art.*

National Curriculum for Art

Key stage 1

Pupils should be taught:

- to use a range of materials creatively to design and make products
- to use drawing, painting and sculpture to develop and share their ideas, experiences and imagination
- to develop a wide range of art and design techniques in using colour, pattern, texture, line, shape, form and space
- about the work of a range of artists, craft makers and designers, describing the differences and similarities between different practices and disciplines, and making links to their own work.

Key stage 2

Pupils should be taught to develop their techniques, including their control and their use of materials, with creativity, experimentation and an increasing awareness of different kinds of art, craft and design.

Pupils should be taught:

- to create sketch books to record their observations and use them to review and revisit ideas
- to improve their mastery of art and design techniques, including drawing, painting and sculpture with a range of materials [for example, pencil, charcoal, paint, clay]
- about great artists, architects and designers in history

The National Curriculum for Art at Key Stages 1 and 2 can be downloaded from the 'Curriculum' tab of the Dawpool school website.

Early Years Expressive Arts & Design

The development of children's artistic and cultural awareness supports their imagination and creativity. The quality and variety of what children see, hear and participate in is crucial for developing their understanding, self-expression, vocabulary and ability to communicate through the arts. The frequency, repetition and depth of their experiences are fundamental to their progress in interpreting and appreciating what they hear, respond to and observe.

Early Learning Goal (ELG): Art

ELG Creating with Materials

Children at the expected level of development in the Early Years will:

- Draw and paint using a range of materials, tools and techniques, experimenting with colour, design, texture, form and function;
- Share their creations, explaining the process they have used;
- Make use of props and materials when role-playing characters in narratives and stories.
