Head Teacher: Mr D. Burrows MA, NPQH

22nd June 2020

Dear Parent and Carer,

Implementation of Phase 3: Foundation 2 pupils

I am writing to confirm that Foundation 2 pupils will return to Dawpool on Monday 29th June.

So that we can make the necessary arrangements in school, we ask that you email schooloffice@dawpool.wirral.sch.uk by **Wednesday 24th June at 12:00pm** to inform us whether or not your child will return to school on 29th June.

We have provided below the information you need for your child to return to school. Please read this information thoroughly alongside the risk assessment on the [school website](#).

Your child should not attend school if they or a household member are displaying coronavirus symptoms. The most common symptoms of coronavirus are recent onset of any of the following:

- a new continuous cough
- a high temperature
- a loss of, or change in, your normal sense of taste or smell (anosmia)

So that we can be confident that all staff and pupils on the school premises are without fever (apyrexial), we will take your child's temperature using a contactless thermometer before they enter the school building. For further information about symptoms and self-isolation, please read [COVID-19: guidance for households with possible coronavirus infection](#).

Can my child be tested for coronavirus?

If your child is under the age of 5, please call NHS 111 who can arrange a test for you. If your child is aged 5 or over, a test can be arranged via the following link: <https://www.nhs.uk/ask-for-a-coronavirus-test>

'For I know the plans I have for you,' declares the Lord. 'Plans to prosper you and not to harm you. Plans to give you hope and a future.' (Jeremiah 29:11)

What happens if my child tests positive for coronavirus?

Please inform the school straight away. Your child must self-isolate at home for 7-days. People in the same household must self-isolate for 14-days. Following a confirmed case in school, we will immediately follow the advice from Public Health England and the NHS Test & Trace Service who may recommend that your child's group are sent home and advised to isolate for 14-days. The other household members of that wider group will not need to self-isolate unless the child they live with in that group subsequently develops symptoms.

What is the school doing to reduce risk?

The school has implemented a recovery plan and risk assessment which has been developed in consultation with governors, staff, local authority, professional associations and trade unions. This plan outlines the measures we will take to minimise risk and it will be regularly reviewed. A copy is available on the [school website](#).

We will reduce risk as much as possible, but, as with all public spaces, we cannot guarantee full protection from the virus at this time.

Does my child need to attend school full time?

Foundation 2 pupils will return to school full-time. We are unable to accommodate requests for part-time attendance of pupils.

What time should my child arrive at school?

Foundation 2 pupils must arrive at school anytime between **09:20-09:40**. The start time has been staggered to enable social distancing.

I have a child in Foundation 2 and their sibling is in another priority group. What time should my children arrive?

All of your children must arrive at school anytime between **08:40 – 09:00**

What is the arrivals procedure?

- All children must be accompanied by an adult.
- Only one adult should accompany each child.
- Parents should avoid bringing siblings who are not attending school.
- Children are encouraged to walk or cycle where possible. Bicycles should be stored on the small playground.
- If driving, parents are encouraged to park away from school and walk.
- Please ensure you maintain 2m distance from the school crossing patrol who will be in attendance at the end of School Lane.
- So that we can be confident that all staff and pupils on the school premises are afebrile, your child's temperature will be taken using a contactless thermometer before entering school. A child will not be permitted to enter the school if their temperature is 37.5 or above. In such circumstances, the parent should take their child home.
- A one-way system for pedestrians will be established on the school premises and monitored by a member of staff. Parents and pupils arrive via the pedestrian path and drop off at the double green gate. Pupils will enter the school through the main entrance and parents leave across the car park.

- The carpark will be closed to vehicles between 08:30-10:00. Vehicular access is strictly prohibited.
- Parents must not enter the school building under any circumstances.
- Staff cannot apply sun cream to pupils so this must be applied by parents before your child arrives at school.
- Parents should closely observe the government's social distancing measures when walking on School Lane and surrounding areas.

What should my child wear?

Your child should wear their own clothes which should be freshly laundered each day. Footwear should be suitable for outdoor activities, e.g. trainers. No open-toe sandals.

What does my child need to bring?

- ✓ Lightweight coat or cagoule
- ✓ A jumper or fleece
- ✓ A clearly **named** water bottle.

What should my child leave at home?

- ✗ PE Kit
- ✗ School bag, rucksack
- ✗ Any other personal belongings, for example 'Show and Tell'.

Will my child receive a lunch from the school kitchen?

Universal Infant Free School Meals (UIFSM) will be provided as normal. The school kitchen will not prepare hot food, but will provide a packed lunch to Foundation 2 pupils. The children will eat their picnic lunch outside, or in the case of inclement weather, in their classroom.

Can I provide a packed lunch for my child?

Yes. Please inform the school office if your child will bring their own packed lunch.

What will my child do in school?

School staff will support your child to complete the home learning tasks with some variation. Pupils will also undertake cross-curricular projects and activities that promote positive mental health and wellbeing.

Will my child have time outdoors?

Your child will access the Foundation Stage outdoor spaces during lesson times. Your child's group will be also be allocated a 30-minute outdoor break in the morning and afternoon. Your child will have a 30-minute outdoor break over lunchtime, sometimes longer if space allows. During outdoor breaks, your child will mix only with their own group in a designated space.

Who will be in my child's group?

Foundation 2 pupils will be split into two smaller groups of no more than 15 pupils. One group will work in the Foundation 2 classroom, the other group will work in the Foundation 1 classroom. Each group will be supervised by two members of staff.

Will the two Foundation 2 groups be allowed to mix?

In accordance with the government's guidance, we will not expect children within a Foundation 2 group to remain 2m apart and they will interact with each other as normal. For this reason, pupils will not be permitted to move between groups. We are looking at ways to enable both groups to interact with each other outdoors, but there will always need to be a safe distance between the two groups at all times.

What time does my child finish school?

Foundation 2 pupils must be collected from school by an adult promptly at **3:00pm**.

What is the collection procedure?

- All children must be collected by an adult at 3:00pm.
- Only one adult should accompany each child.
- Parents should avoid bringing siblings who are not attending school.
- If parents have no choice but to bring other children with them, they must not be allowed to run around on the playground or play on outdoor equipment.
- Children are encouraged to walk or cycle where possible.
- If driving, parents are encouraged to park away from school and walk.
- Similar to the arrivals procedure, a one-way system for pedestrians will be established and monitored by a member of staff. Parents arrive via the pedestrian path and wait on the **main playground**. Parents must observe 2m social distancing whilst waiting.
- Pupils will be dismissed from the main playground at 3:00pm.
- Parents and pupils should leave the premises across the car park.
- The carpark will be closed to vehicles at the end of the day. Vehicular access is strictly prohibited.
- Parents must not enter the school under any circumstances.
- Parents should closely observe the government's social distancing measures when walking on School Lane and surrounding areas.

Will school be providing Wrap Around Care?

So that we can clean the school in accordance with our risk assessment, we are unable to offer breakfast and after-school clubs.

I do not wish my child to return to school on 29th June. Will home learning continue?

Mrs Poston will be teaching in school full time. She will continue to provide home learning on the school website, but she is unable to respond to emails from parents and pupils during the school day. She will try to make contact with pupils who are working at home to the best of her ability. Urgent enquiries should be directed to schooloffice@dawpool.wirral.sch.uk

I feel that 29th June is too early for my child to return to school. Can my child start at a later date?

We would prefer all Foundation 2 pupils to start at the same time, although we respect your wishes to start later if preferred. We will only permit pupils to return to school on a Monday, at the start of a full week. Please email schooloffice@dawpool.wirral.sch.uk before 12pm on the Friday before your child will return, so the registers can be prepared.

How should I communicate with the school?

Parents are not permitted to enter the school building. All communication with school should be done by email or telephone.

schooloffice@dawpool.wirral.sch.uk

0151 648 3412

In emergency situations, where face to face appointments are the only option, this will be arranged by appointment only so that adequate social distancing arrangements can be made.

What else can I do to prepare my child for coming to school?

- Talk to your child about the importance of hand hygiene: washing hands regularly for at least 20 seconds using soap and warm water.
- Talk to your child about managing coughs and sneezes using the '[Catch it, bin it, kill it](#)' approach.
- Talk to your child about respecting the personal space of others, keeping their distance and not touching other people outside of their family.
- Read the risk assessment on the [school website](#) so that you are clear about the protective measures we are implementing.

Please contact the school office if you have any further questions.

We look forward to welcoming your child back to school.

Yours sincerely,

David Burrows
Headteacher
